

British Cardiovascular Imaging Meeting 2018

Preliminary Programme*

Day 1 – Wednesday 2nd May 2018

	Plenary Room	Parallel Room 1	Parallel Room 2
08.00	<i>Registration opens</i>		
08.30	<i>Coffee</i>	Cardiac CT, Cardiac MRI and nuclear cardiac imaging basics for the non-specialist	
10.00	Welcome	Case based learning – basics of coronary artery disease and ischaemic heart disease	Workstation demonstrations – sponsor
10.20	The year in multimodality cardiovascular imaging		
11.50	Multimodality cardiovascular imaging debate		
12.30	<i>Lunch</i>	BSCI/BSCCT AGM	
13.30	Industry presentation	Case based learning – basics of coronary artery disease and ischaemic heart disease	Workstation demonstrations – sponsor
14.00	Multimodality imaging in coronary artery disease/ischaemic heart disease	BSCI/BSCCT young investigator award	
15.30	<i>Coffee</i>		
16.00	Keynote lecture		Workstation demonstrations – sponsor
17.00	This house believes that assessment of atherosclerotic plaque is more important than assessment of perfusion		

**Please note sessions are subject to change*

Day 2 – Thursday 3rd May 2018

	Plenary Room	Parallel Room 1	Parallel Room 2	Parallel Room 3
08.00	Breakfast symposium sponsor	Breakfast symposium sponsor		
09.00	Multimodality imaging in pulmonary artery hypertension and thromboembolic disease	Multimodality imaging in valvular heart disease	BNCS young investigator award	Image optimisation masterclass/ radiographer session
10.30	<i>Coffee</i>			
11.00	Multimodality imaging of devices, endocarditis, electrophysiology	Essential non-imaging skills	BSCMR young investigator award	Image optimisation masterclass/ radiographer session
12.30	<i>Lunch</i>		BSCMR AGM	
13.30	Industry presentation		Case based learning – myocardial, cardiomyopathy, heart failure	Image optimisation masterclass/ radiographer session
14.00	Advanced image analysis in cardiovascular imaging			
15.30	Keynote lecture			
17.00	Multimodality imaging quiz			
18.00	<i>Meeting Dinner at The Caves</i>			

*Please note sessions are subject to change

Day 3 – Friday 4th May 2018

	Plenary Room	Parallel Room 1	Parallel Room 2	Parallel Room 3
08.00	Breakfast symposium - sponsor	Breakfast symposium - sponsor		
09.00	Multimodality imaging of infiltrative diseases – amyloid, sarcoid	Imaging in acute chest pain	Case based learning – valves, pericardial, aorta	Workstation demonstrations – sponsor
10.30	Coffee			
11.00	Potential risks of cardiovascular imaging	Imaging inherited cardiac disease	Read with the experts – potpourri	Workstation demonstrations – sponsor
12.30	Lunch		BNCS AGM	
13.30	Keynote lecture			Workstation demonstrations – sponsor
14.30	Coffee			
14.00	Top trials in cardiovascular imaging			
16.00	Meeting close			

**Please note sessions are subject to change*
